Dear Harold:

So far, results concerning "DD" have been negative but I'll keep trying. I don't mind you using any of my correspondence in your work and if you wish, you may also use my name.

I tried to get copies of Willis's other slides and Mrs. Willis says they will be made available when there is sufficient public interest. It makes one wonder if these people opperate on a profit motive.

Sorry I have nothing futher to offer at this time.

Sincerely,

Tommy
